When the post office hired a new mail boy, I "accidentally" answered the door in my underwear. He dropped the letters, and I pulled him in by his collar. Since then his route always goes a little longer than it should. He comes by early in the morning and he puts his weighty, first class package in my pretty little mail slot. It doesn't fit at first so I'll lube it up with a long licking, and a hard sucking. He has to start thrusting again because I need that package so badly. Try as he might, if it still doesn't fit, the only thing left to do is to deliver it through my tight back door.

We've been waiting on this for a week. All the springs under our old sofa have been breaking one by one, and we needed something strong enough to support our wild antics. When we saw this beauty we knew it was the only one we needed. We love going down on each other, and with plenty of wiggle room, we decided to make seductive use of the white leather.

MAKING A MESS OF OUR NEW COUCH

Nothing's better than cute, sexy underwear being taken off by an equally, cute, sexy girl. We're not worried about making a mess on the couch, we're worried about licking up the wetness between our legs! Being eaten out is definitely the best sex act. No penetration necessary!

THREE-WAY JAM

For more fun, just add one!

Ménage a trois: The very phrase has a kind of elegant sophistication about it, a certain degree of class lacking in terms like "orgy" or "gang bang." Indeed, even a person who considers themselves to be sexually conservative and who wouldn't be caught dead getting into group sex is likely to pause in erotic reverie at the fantasy of an intimate threesome.

There's something about that magic number that makes a threesome great. And with the current divorce rate affecting more than half of all marriages, intelligent and provocative alternatives are not to be sneezed at.

In researching this article, the first thing I realized was that I was not going to be able to use my own meager experience in this area as a representative yardstick. Fortunately, my circle of friends encompasses a wide variety of sexual lifestyles. They could usually point me in the direction of someone who was in the center of this practice.

Matthew, a 26-year-old actor living in New York, remembers his first ménage a trois with a special intensity. That's not surprising, since it was also his first "complete" sexual experience.

"I was a pretty good bluffer," he relates, "and I guess most of my friends accepted the image I sold of myself as quite experienced sexually. But actually I never fucked a chick l until shortly after I had turned 18—and it was a threesome!

"My best friend Ray was going out with this chick Donna, an older girl who worked at an ice cream store. I can still remember how exciting she looked, her freshly scrubbed face and long blonde hair falling over the shoulders of that white uniform.

"Anyway, Donna was known for being pretty fast, but I never realized just how wild she was until the night we were driving around, pretty tanked up. She gave Ray a blowjob in the front seat while I drove the car.

"I was excited, of course, and admittedly a bit embarrassed too. But Donna didn't seem to mind one bit. In fact, it wasn't long before she invited the two of us over to her place.

"Now I don't know to what degree they had planned what was going to happen, but it all seemed pretty spontaneous to me. We were just joking around, you know, messing around half-seriously in her bedroom, when Ray looked at me and winked.

"I must have registered blank, utter incomprehension, because he put his arm around my shoulders and said something like, 'Be cool, man. We're gonna have a good time. We're gonna party!'

"It just seemed to develop naturally from there. I guess it wasn't very sophisticated as threesomes go; we just took turns fucking her. Nothing went on between us guys, though. I mean, I'm totally straight and so is Ray, as far as I know. It was more like a case of two buddies sharing a good thing. Maybe it sounds crass, but there it is. I don't know what Donna's feelings were, but my guess is that Ray could have talked her into anything at that point.

"In fact, it was more uncomfortable than anything else, at first. I mean, here I was, winging it at sex, under the watchful eye of my best friend! I also wasn't all that keen on seeing him do it with Donna. Somehow it made me so jittery to see Ray in that vulnerable a position that it took me quite a while to get it up.

"The experience was very successful, though, as we all went out to breakfast in a state of euphoria. For months afterwards a nudge or a wink from either of us

could send us both into fits of laughter. And I now look back on it fondly as one of the wilder episodes of my youth ... one which greatly contributed, I feel, to making me the unabashed degenerate I am today!"

Cassie is 25, also lives in New York, and has a modest following as an entertainer. She calls herself a bisexual with a strong gay preference, and it is interesting that her most successful encounters with men have been pure sex, with no emotional involvement of any kind. "When I'm looking for a love relationship," she says, "I look for a woman."

Cassie doesn't usually go looking for threesomes either, but they tend to find her from time to time.

"Usually, in my experience, a threesome is the result of two lovers trying to spice up their sex life with the aid of a third party. I have mixed feelings about this.

"I definitely do not like the game playing that often goes on in trying to set something like this up. At least when I try it, it ends up disastrously! I once tried to fire a female lover of mine up with a scene that included getting it on with a male friend who was also gay oriented.

"The fact that it didn't work out probably had more to do with our relationship at the time than anything else. The guy and I were really getting into it, but my lover started crying and I suppose I wasn't in a very understanding headspace right then. Anyway, it's a memory I'd rather forget.

"You have to be really careful who you allow yourself to get into this kind of scene with, and for what reason. When three people are involved there's a delicate question of ego, as well as the physical logistics of who's doing what to whom. The worst experience I can remember was getting it on with a husband-and-wife 'team'—he was straight and she, it turned out, was very gay.

"They both wanted me, but their marriage was in such deep trouble that they barely wanted anything to do with each other sexually! She practically came out before my eyes, threw him off me, and went wild trying to have me all to herself.

"Needless to say," Cassie observed wryly, "this was not exactly in the spirit of what I'd had in mind when I agreed to go home with them. "Ironically, the most satisfying threesome that immediately springs to mind is the one I had with two straight guys. It was in college, I didn't give a shit about either of them; barely knew them in fact, and it was pure sensation."

What about a threesome as a stable lifestyle?

"No way; not for me, anyway. I know some people have tried it, like sort of a group marriage-type of thing. It might work out okay here and there, but not on a permanent basis. I mean, look at how many problems there are in a 'normal,' two-person relationship! Adding a third body would be squaring the ego and accommodation problems of a normal relationship! Good luck!"

Andrew is a director, living and working out in sunny, smoggy L.A. Angeles. A close friend, he graciously kept my head spinning with the details of this lusty encounter:

"Melanie (a mutual friend of ours) and I were doing a Shakespeare production in Hollywood recently," he began. "Anyway, she and I both became infatuated with this hottie named Hayley, who was in the cast. We were about to a bet as to who would get her first when in a stroke of inspiration we decided to seduce her together.

"Late one night, after rehearsal, we invited her back to Melanie's place for some grade-A weed and some music. I consider myself something of an expert when it comes to getting someone in the mood. So between the weed, the candlelight, and the music, we were good to go.

"You've got to picture this scene. Hayley is petite and innocent looking. And you've got the two of us on either side of her. She thinks she's in control but we're choreographing her every move, on the spur of the moment.

"Pretty soon we're getting into the old back-rub routine. Hayley told us that she'd been a professional masseuse before she became an actor. She's got one of her soft but strong hands on each of us, massaging away, and Melanie and I are exchanging glances at each other. Even we can't believe we're actually going to do this.

"The three of us are rubbing away on this loose mattress in the center of the living room, and I turn over on my back. Hayley keeps rubbing my front now, and it doesn't take her long to notice that I've got this terrific hard-on straining away at the front of my jeans.

"Mel and I were still playing this incredibly passive

seduction game, but things kind of went for broke when Hayley tore the front of my jeans open and grabbed my cock. Melanie cleverly slipped away for a moment and returned in a luscious see-through nightie. She turned up the music and bam—we were at it.

"We lovingly attacked Hayley in tandem. It was almost like tag-team wrestling. I was in really good shape at the time and I know I don't have to sell you on Melanie in the buff, so we made a hell of a picture in the candlelight.

"There was practically no conversation, as I recall. We went at it for over five hours, taking turns on Hayley with mouths, hands, and whatever else we had to offer. There was literally no inhibition at all between us. The sex was incredible, and definitely one of my top five sex experiences.

"Of course, it was a very special, spontaneous one-shot happening that would've lost its charm with repetition. This sort of thing couldn't be sustained in any relationship without a lot of ego problems. But while it lasted we fucked and sucked until we felt as though we were reliving Greek mythology."

Jennifer is a dancer who works doing data entry when she's not on tour. The delights of threesomes overtook her quite unexpectedly, when she found herself the object of sexual attention from a well-known choreographer and director.

"He's such a sweet man," she rhapsodizes, "so considerate and gentle. You know you're not the only woman in his life, but he makes you feel as if you are. And when he looks at you with those puppy-dog eyes of his, you just couldn't refuse him anything.

"We went out to dinner and then back to his apartment. The sex was exquisite; slow, gentle, teasing—everything I like in a man. But now for the kinkiest… at about one in the morning he asks if I mind if a friend of his comes over. Of course I said all right. It turns out his friend is a woman who lives in the same apartment building. He calls her, and in five minutes she walks in and starts taking off her clothes and getting into bed with us.

"I couldn't believe it, but she seemed so relaxed, so natural, that I didn't mind. And I had never been in bed with another girl before. The most incredible thing about it was that, when it came time to bring her into it, I made the first move. I reached over and started stroking and sucking her breasts, just the way I know I like it done.

"It was so exciting, almost like having sex with a mirror-image of myself. I knew just what would feel good to her and she reciprocated enthusiastically. After a while he just rolled over to one corner of the bed and watched us; fondling himself and whispering instructions and encouragement like, 'Eat pussy!' and 'Play with it. Do it!'

"I had never thought of it that way, but I guess you're right!" Jennifer said, laughing. "It did seem at times that he was choreographing us for the camera. I just know that I dug the hell out of it. The next day he called me on the phone and sent me a huge bouquet of roses. That sums up his style, I guess. First class all the way. I'm really looking forward to seeing him again."

"With or without his girlfriend?" I asked slyly.

"Who cares?" she giggled.

All of these experiences seem to be very special moments in time; occasions caught at just the right instant where three orbits intersected for a brief and ecstatic flash of sensuality.

As you no doubt have already surmised, the single quality these successful threesomes all shared was spontaneity. In the most satisfying encounters, at least one of those involved was swept away by a freak tide of passion and carried along by circumstances into a unique situation.

The best way to approach the possibility of getting into a ménage a trois situation is obviously to cultivate like-minded friends and quietly, patiently, lay the groundwork for the impulse to strike one or all of you some lucky night.

Why not give it a try? Who knows—the results may exceed your wildest dreams!

EVERYTHING ABOUT ME IS SEXY

Rihanna keeps the sex classic. All men love their go-to positions, and she's definitely up for the exercise. Of course, she needs to warm her man, giving him a sexy strip tease in a skirt and knee socks. Rhianna shows her man mercy, though, by sucking him off and letting him taste her hole before sliding in. Her boobs and thighs are perfectly grab-able, while her pussy gives her man the most intense pleasure. She can last for hours in any position, and seeing what she does next is half the fun! Bouncing on his big cock is definitely a workout, and this cute school girl sure can take it!

I have the most innocent neighbor – ever. She just dropped off some cookies as a welcome gift, but I can see right through her. I see the way she looks at me when she thinks I'm not looking. Time to put my plan into action, and show her what it's like to really let loose.

I'LL SHOW YOU THE ROPES

I lead her into the living room, kissing and sucking on her perky boobs. When I fingered her, she acted like nobody's ever done that before! Poor thing didn't know how to go down on someone, so I showed her first before letting her experiment on me. Guess I really did take my innocent neighbor's lesbian virginity. Oops!

Study Session

Believe it or not, my first time was in college. It was late during my freshmen year, when I'd been away from home for months, and the stress of the semester was finally starting to get to me. I was forcing myself through a complicated math class that I needed sooner or later, only to realize far too late that I wasn't quite ready for it. I was still determined, however, so I pulled the tag for one of the tutors, Phillipe, from the bulletin board and we set up to meet in the library late during the semester to start prepping for exams.

What I hadn't counted on was how incredibly gorgeous he was. Straight blonde hair flowed down to his shoulders. Brilliant and piercing blue eyes gazed at me from behind a pair of thin-framed glasses. His skin had a rich tan of someone who clearly knew the value of it, and when he spoke, it was with the thinnest of accents. I'd never even had a boyfriend before, but right then, right there, all I wanted to do was melt in his arms.

It was all I could do to keep my focus on math for the evening, and through it all, we started to get to know each other. He told me he couldn't believe I'd never dated, and I discovered that he knew a half-dozen languages.

By the time the library closed, we were barely halfway through my notes. I suggested that we try again the next night, but he then said we should back to his apartment. It was private, and we could study for as long as we needed to. I wanted to be done with all the studying as fast as I could, so I took him up on his offer.

We ordered pizzas and had a few drinks as we worked our way through the rest of the notes. The longer I was there, the more comfortable I was around him. By the time we were done, it was almost three in the morning and once I saw the time, I almost fell asleep right there on the table. Phillipe guided me instead to his bedroom, where he let me sleep it off.

When I woke up the next morning, it was to see Phillipe stepping out of the bathroom with a towel around his waist and a bright grin. I turned bright red to see so much of him, his trim body very clearly taken care of. I instinctively grabbed for the covers as he came over to sit next to me on the bed like he wanted to talk. I didn't give him the chance. I quickly dove forward and wrapped my arms around him, pulling him into my first kiss.

If he was surprised, he didn't show it. Instead, he simply guided me. He took my soft hands and

showed me where to touch him. Our fingers slid across his fit body, and I watched as he enjoyed the feeling, taking in deep breaths to control his lust and passion. He released my hands to trace his naked flesh as he slowly reached for my shirt. I slid myself out of it, revealing my chest that seemed more perky than normal. My hands continued to trace as he did the same over my olive skin, my hands moving slowly, teasingly toward the towel that came loose remarkably quickly to reveal a long, heavy shaft that I was enthralled by.

I picked up his dick and started to stroke it as he played with my large nipples, his tongue seeming to dance and leap between them with flourish. I didn't even notice that he had somehow managed to get my panties off until his fingers began to play with my pussy. I let out a sharp gasp, realizing what was happening, what I desperately wanted to happen. I told him to take me, to take my virginity.

He didn't hesitate. Laying me out on the bed, he stretched himself on top and guided himself slowly into my hungry cunt. I couldn't believe it! What it felt like, the raw shock, and the sharp power. It flooded through me faster than I ever expected from years of touching myself. His touch, the touch of his dick was beyond anything I'd ever experienced. The look in his eyes was one of pleasure.

He knew, somehow, he knew what I was feeling. And that only shook me deeper. I shuddered and released, over and over, while he seemed to have an infinite source of energy that just kept him going. When he finally did erupt, I was shaking from head to toe. I felt safe and secure in his arms, in the way he held and looked at me. When he leaned in to give me a kiss, he quietly suggested we get cleaned up, and I happily followed him to the shower for another round.

ON THE BEACH

I have always had an affinity for the ocean and can't think of anything better in life than a day on the beach. The warm sand oozing between my toes, the water cascading over my ankles and legs, the sounds of splashing and gulls, all of these make me feel more at home than anywhere else. Maybe that was why I gave into him so easily.

On that particular day, the beach was quiet. It was chilly, with the last vestiges of winter still tugging for domination over the beautiful spring that was just around the corner. Yet, even then, I found myself laying on the soft sand and dreaming the day away under the brilliant sun. Sometime around midday, a shadow fell over my face, and I looked up to see a figure standing over me, completely hidden as it blocked out the sun.

I shielded and cleared my eyes, and saw a large, beefy man with a soft, playful smile. His arms and chest were bulging, thick, and heavy, and he wore low, wet shorts that outlined what I could already tell was an enormous package.

He had to ask me a few times if I was okay, only because I was so enthralled with this body that I seemed to have lost my voice for a few seconds. When I finally responded, he introduced himself as Michel, on vacation from France with a few friends. He nodded towards the group but kept by my side, which only drew my eyes (and ears) more to him. We sat and talked for a while, and even as taken in as I was, it became quickly clear that he was looking at me as much as I him.

His eyes were especially drawn to my large chest, my breasts barely contained in a bikini top that left little to the imagination. I found myself starting to trace outlines for him over my smooth,

tanned flesh and leaning back to thrust my boobs out and showing off my slender form. After he adjusted himself for the fifth time, he finally suggested that we go for a swim.

I readily agreed and we headed out into the water. It was almost shockingly cold, and yet we had the time of our lives. We swam around, guiding and touching each other without regard or hesitation. It was like we'd known one another all our lives. When we turned back, we discovered that the currents had drifted us to a different beach, secluded and surrounded by large rocks. One look shared between us was all we needed.

We ripped our wet clothes from our bodies almost as soon as we set foot on the sand, and he took me in his strong arms. The embrace was electrifying through our wetness. When our lips touched for the first time, it sent shock waves through me, causing my body to tremble in his grasp.

He simply smiled and me and guided us towards one of the large, smooth rocks. Pressing me against the hard surface, he started making out with my body like there was nothing else he'd rather enjoy. I threw my head back as his lips grazed over my skin, his tongue flicking at my pointed nipples.

He took his time. The sun beating on our naked flesh just intensified the lustful feelings. As his fingers found their way to my wet pussy. I moaned loudly, the sounds blending with the waves crashing around our feet. When his lips found mine once more, I knew what was coming; it was promised in the way our mouths met, in how our tongues connected. That's when I felt him slide into me, slowly, deliberately, sending waves of energy into my body.

It wasn't my first time by any stretch, but his was by far the largest I'd ever experienced. Thick, pulsing veins pressed against my pussy which was only too happy to squeeze back.

And no matter how deep he managed to go, each slow thrust seemed to go deeper and harder. I was certain he worked his dick out as much as the rest of him.

Michel let his hands move gently but firmly up my ass, and before I knew it, he was lifting me out off the rock to give himself a better angle. I quickly wrapped my legs around his firm ass and discovered that he knew of places that even I never imagined. Slowly he inserted himself into this foreigner's sex. I shuddered as he pushed in again, deeper with each thrust until he pushed himself into my depths and held it there amking mepull him in even deeper.

I felt wave after wave of pleasure rush through me, each one only amplifying the next. His thrusts grew quicker, harder, and my screams only grew louder. I saw the glint in his eyes, the fierceness, and could only try to match it. He knew how to make me feel, and I must have cum at least twice in his care.

With each wave of my pleasure, I could see his own. I let him have me, whatever he wanted, I was entirely his then. As he filled me, I felt myself release over him one last time. Pulse after pulse flooded me before he lowered me back down and slowly fell into my arms.

He stayed inside for several minutes, pulsing again before sliding his way out and suggested we get back. But, as he gave me one last kiss, he told me it wouldn't be the last time; he's here for the summer.

maddie

Maddie has treated herself to a spa day after quitting her first job. Although, she didn't know what kind of specialties this spa offered, she didn't leave disappointed. When the massage therapist put a vibrator against her pussy to help her loosen up, she knew that's exactly what she needed.

SPA MEANS SEXY PENETRATIVE ACTION

Maddie returned the favor after her sexy masseur went down on her, and let him bang her on the massage table! He put it deep inside her to really stretch out her pussy. Good thing she was already relaxed – she might not have been able to fit it all in. He finished inside her, giving her a hot cream pie and the most satisfying spa day.

amirah & kiara

Sexy Amirah's my new exchange roommate this semester, and she's got the most irresistible body. You really can't leave us alone – my hands are all over her perfect skin. She wanted to go down and finger me first this time, and I loved every pleasurable second of it. She said she was fine to just pleasure me, but I didn't let her get away with just that!

I JUST CAN'T GET ENOUGH OF HER

I sucked on her boobs and clit until she started biting her lips to keep her moans in. But when I put my fingers inside her and hit that spot she can't reach normally, I had her seeing stars. When she stopped cumming, she wanted to make me cum one more time though, and I just couldn't say no.

SPECIAL DELIVERY INCOMING

anastasia

When the post office hired a new mail boy, I "accidentally" answered the door in my underwear. He dropped the letters, and I pulled him in by his collar. Since then his route always goes a little longer than it should. He comes by early in the morning and he puts his weighty, first class package in my pretty little mail slot. It doesn't fit at first so I'll lube it up with a long licking, and a hard sucking. He has to start thrusting again because I need that package so badly. Try as he might, if it still doesn't fit, the only thing left to do is to deliver it through my tight back door.

anna & sensipearl

We've been waiting on this for a week. All the springs under our old sofa have been breaking one by one, and we needed something strong enough to support our wild antics. When we saw this beauty we knew it was the only one we needed. We love going down on each other, and with plenty of wiggle room, we decided to make seductive use of the white leather.

MAKING A MESS OF OUR NEW COUCH

Nothing's better than cute, sexy underwear being taken off by an equally, cute, sexy girl. We're not worried about making a mess on the couch, we're worried about licking up the wetness between our legs! Being eaten out is definitely the best sex act. No penetration necessary!

THREE-WAY JAM

For more fun, just add one!

Ménage a trois: The very phrase has a kind of elegant sophistication about it, a certain degree of class lacking in terms like "orgy" or "gang bang." Indeed, even a person who considers themselves to be sexually conservative and who wouldn't be caught dead getting into group sex is likely to pause in erotic reverie at the fantasy of an intimate threesome.

There's something about that magic number that makes a threesome great. And with the current divorce rate affecting more than half of all marriages, intelligent and provocative alternatives are not to be sneezed at.

In researching this article, the first thing I realized was that I was not going to be able to use my own meager experience in this area as a representative yardstick. Fortunately, my circle of friends encompasses a wide variety of sexual lifestyles. They could usually point me in the direction of someone who was in the center of this practice.

Matthew, a 26-year-old actor living in New York, remembers his first ménage a trois with a special intensity. That's not surprising, since it was also his first "complete" sexual experience.

"I was a pretty good bluffer," he relates, "and I guess most of my friends accepted the image I sold of myself as quite experienced sexually. But actually I never fucked a chick l until shortly after I had turned 18—and it was a threesome!

"My best friend Ray was going out with this chick Donna, an older girl who worked at an ice cream store. I can still remember how exciting she looked, her freshly scrubbed face and long blonde hair falling over the shoulders of that white uniform.

"Anyway, Donna was known for being pretty fast, but I never realized just how wild she was until the night we were driving around, pretty tanked up. She gave Ray a blowjob in the front seat while I drove the car.

"I was excited, of course, and admittedly a bit embarrassed too. But Donna didn't seem to mind one bit. In fact, it wasn't long before she invited the two of us over to her place.

"Now I don't know to what degree they had planned what was going to happen, but it all seemed pretty spontaneous to me. We were just joking around, you know, messing around half-seriously in her bedroom, when Ray looked at me and winked.

"I must have registered blank, utter incomprehension, because he put his arm around my shoulders and said something like, 'Be cool, man. We're gonna have a good time. We're gonna party!'

"It just seemed to develop naturally from there. I guess it wasn't very sophisticated as threesomes go; we just took turns fucking her. Nothing went on between us guys, though. I mean, I'm totally straight and so is Ray, as far as I know. It was more like a case of two buddies sharing a good thing. Maybe it sounds crass, but there it is. I don't know what Donna's feelings were, but my guess is that Ray could have talked her into anything at that point.

"In fact, it was more uncomfortable than anything else, at first. I mean, here I was, winging it at sex, under the watchful eye of my best friend! I also wasn't all that keen on seeing him do it with Donna. Somehow it made me so jittery to see Ray in that vulnerable a position that it took me quite a while to get it up.

"The experience was very successful, though, as we all went out to breakfast in a state of euphoria. For months afterwards a nudge or a wink from either of us

could send us both into fits of laughter. And I now look back on it fondly as one of the wilder episodes of my youth ... one which greatly contributed, I feel, to making me the unabashed degenerate I am today!"

Cassie is 25, also lives in New York, and has a modest following as an entertainer. She calls herself a bisexual with a strong gay preference, and it is interesting that her most successful encounters with men have been pure sex, with no emotional involvement of any kind. "When I'm looking for a love relationship," she says, "I look for a woman."

Cassie doesn't usually go looking for threesomes either, but they tend to find her from time to time.

"Usually, in my experience, a threesome is the result of two lovers trying to spice up their sex life with the aid of a third party. I have mixed feelings about this.

"I definitely do not like the game playing that often goes on in trying to set something like this up. At least when I try it, it ends up disastrously! I once tried to fire a female lover of mine up with a scene that included getting it on with a male friend who was also gay oriented.

"The fact that it didn't work out probably had more to do with our relationship at the time than anything else. The guy and I were really getting into it, but my lover started crying and I suppose I wasn't in a very understanding headspace right then. Anyway, it's a memory I'd rather forget.

"You have to be really careful who you allow yourself to get into this kind of scene with, and for what reason. When three people are involved there's a delicate question of ego, as well as the physical logistics of who's doing what to whom. The worst experience I can remember was getting it on with a husband-and-wife 'team'—he was straight and she, it turned out, was very gay.

"They both wanted me, but their marriage was in such deep trouble that they barely wanted anything to do with each other sexually! She practically came out before my eyes, threw him off me, and went wild trying to have me all to herself.

"Needless to say," Cassie observed wryly, "this was not exactly in the spirit of what I'd had in mind when I agreed to go home with them. "Ironically, the most satisfying threesome that immediately springs to mind is the one I had with two straight guys. It was in college, I didn't give a shit about either of them; barely knew them in fact, and it was pure sensation."

What about a threesome as a stable lifestyle?

"No way; not for me, anyway. I know some people have tried it, like sort of a group marriage-type of thing. It might work out okay here and there, but not on a permanent basis. I mean, look at how many problems there are in a 'normal,' two-person relationship! Adding a third body would be squaring the ego and accommodation problems of a normal relationship! Good luck!"

Andrew is a director, living and working out in sunny, smoggy L.A. Angeles. A close friend, he graciously kept my head spinning with the details of this lusty encounter:

"Melanie (a mutual friend of ours) and I were doing a Shakespeare production in Hollywood recently," he began. "Anyway, she and I both became infatuated with this hottie named Hayley, who was in the cast. We were about to a bet as to who would get her first when in a stroke of inspiration we decided to seduce her together.

"Late one night, after rehearsal, we invited her back to Melanie's place for some grade-A weed and some music. I consider myself something of an expert when it comes to getting someone in the mood. So between the weed, the candlelight, and the music, we were good to go.

"You've got to picture this scene. Hayley is petite and innocent looking. And you've got the two of us on either side of her. She thinks she's in control but we're choreographing her every move, on the spur of the moment.

"Pretty soon we're getting into the old back-rub routine. Hayley told us that she'd been a professional masseuse before she became an actor. She's got one of her soft but strong hands on each of us, massaging away, and Melanie and I are exchanging glances at each other. Even we can't believe we're actually going to do this.

"The three of us are rubbing away on this loose mattress in the center of the living room, and I turn over on my back. Hayley keeps rubbing my front now, and it doesn't take her long to notice that I've got this terrific hard-on straining away at the front of my jeans.

"Mel and I were still playing this incredibly passive

seduction game, but things kind of went for broke when Hayley tore the front of my jeans open and grabbed my cock. Melanie cleverly slipped away for a moment and returned in a luscious see-through nightie. She turned up the music and bam—we were at it.

"We lovingly attacked Hayley in tandem. It was almost like tag-team wrestling. I was in really good shape at the time and I know I don't have to sell you on Melanie in the buff, so we made a hell of a picture in the candlelight.

"There was practically no conversation, as I recall. We went at it for over five hours, taking turns on Hayley with mouths, hands, and whatever else we had to offer. There was literally no inhibition at all between us. The sex was incredible, and definitely one of my top five sex experiences.

"Of course, it was a very special, spontaneous one-shot happening that would've lost its charm with repetition. This sort of thing couldn't be sustained in any relationship without a lot of ego problems. But while it lasted we fucked and sucked until we felt as though we were reliving Greek mythology."

Jennifer is a dancer who works doing data entry when she's not on tour. The delights of threesomes overtook her quite unexpectedly, when she found herself the object of sexual attention from a well-known choreographer and director.

"He's such a sweet man," she rhapsodizes, "so considerate and gentle. You know you're not the only woman in his life, but he makes you feel as if you are. And when he looks at you with those puppy-dog eyes of his, you just couldn't refuse him anything.

"We went out to dinner and then back to his apartment. The sex was exquisite; slow, gentle, teasing—everything I like in a man. But now for the kinkiest… at about one in the morning he asks if I mind if a friend of his comes over. Of course I said all right. It turns out his friend is a woman who lives in the same apartment building. He calls her, and in five minutes she walks in and starts taking off her clothes and getting into bed with us.

"I couldn't believe it, but she seemed so relaxed, so natural, that I didn't mind. And I had never been in bed with another girl before. The most incredible thing about it was that, when it came time to bring her into it, I made the first move. I reached over and started stroking and sucking her breasts, just the way I know I like it done.

"It was so exciting, almost like having sex with a mirror-image of myself. I knew just what would feel good to her and she reciprocated enthusiastically. After a while he just rolled over to one corner of the bed and watched us; fondling himself and whispering instructions and encouragement like, 'Eat pussy!' and 'Play with it. Do it!'

"I had never thought of it that way, but I guess you're right!" Jennifer said, laughing. "It did seem at times that he was choreographing us for the camera. I just know that I dug the hell out of it. The next day he called me on the phone and sent me a huge bouquet of roses. That sums up his style, I guess. First class all the way. I'm really looking forward to seeing him again."

"With or without his girlfriend?" I asked slyly.

"Who cares?" she giggled.

All of these experiences seem to be very special moments in time; occasions caught at just the right instant where three orbits intersected for a brief and ecstatic flash of sensuality.

As you no doubt have already surmised, the single quality these successful threesomes all shared was spontaneity. In the most satisfying encounters, at least one of those involved was swept away by a freak tide of passion and carried along by circumstances into a unique situation.

The best way to approach the possibility of getting into a ménage a trois situation is obviously to cultivate like-minded friends and quietly, patiently, lay the groundwork for the impulse to strike one or all of you some lucky night.

Why not give it a try? Who knows—the results may exceed your wildest dreams!

I have the most innocent neighbor – ever. She just dropped off some cookies as a welcome gift, but I can see right through her. I see the way she looks at me when she thinks I'm not looking. Time to put my plan into action, and show her what it's like to really let loose.

I'LL SHOW YOU THE ROPES

I lead her into the living room, kissing and sucking on her perky boobs. When I fingered her, she acted like nobody's ever done that before! Poor thing didn't know how to go down on someone, so I showed her first before letting her experiment on me. Guess I really did take my innocent neighbor's lesbian virginity. Oops!

Study Session

Believe it or not, my first time was in college. It was late during my freshmen year, when I'd been away from home for months, and the stress of the semester was finally starting to get to me. I was forcing myself through a complicated math class that I needed sooner or later, only to realize far too late that I wasn't quite ready for it. I was still determined, however, so I pulled the tag for one of the tutors, Phillipe, from the bulletin board and we set up to meet in the library late during the semester to start prepping for exams.

What I hadn't counted on was how incredibly gorgeous he was. Straight blonde hair flowed down to his shoulders. Brilliant and piercing blue eyes gazed at me from behind a pair of thin-framed glasses. His skin had a rich tan of someone who clearly knew the value of it, and when he spoke, it was with the thinnest of accents. I'd never even had a boyfriend before, but right then, right there, all I wanted to do was melt in his arms.

It was all I could do to keep my focus on math for the evening, and through it all, we started to get to know each other. He told me he couldn't believe I'd never dated, and I discovered that he knew a half-dozen languages.

By the time the library closed, we were barely halfway through my notes. I suggested that we try again the next night, but he then said we should back to his apartment. It was private, and we could study for as long as we needed to. I wanted to be done with all the studying as fast as I could, so I took him up on his offer.

We ordered pizzas and had a few drinks as we worked our way through the rest of the notes. The longer I was there, the more comfortable I was around him. By the time we were done, it was almost three in the morning and once I saw the time, I almost fell asleep right there on the table. Phillipe guided me instead to his bedroom, where he let me sleep it off.

When I woke up the next morning, it was to see Phillipe stepping out of the bathroom with a towel around his waist and a bright grin. I turned bright red to see so much of him, his trim body very clearly taken care of. I instinctively grabbed for the covers as he came over to sit next to me on the bed like he wanted to talk. I didn't give him the chance. I quickly dove forward and wrapped my arms around him, pulling him into my first kiss.

If he was surprised, he didn't show it. Instead, he simply guided me. He took my soft hands and

showed me where to touch him. Our fingers slid across his fit body, and I watched as he enjoyed the feeling, taking in deep breaths to control his lust and passion. He released my hands to trace his naked flesh as he slowly reached for my shirt. I slid myself out of it, revealing my chest that seemed more perky than normal. My hands continued to trace as he did the same over my olive skin, my hands moving slowly, teasingly toward the towel that came loose remarkably quickly to reveal a long, heavy shaft that I was enthralled by.

I picked up his dick and started to stroke it as he played with my large nipples, his tongue seeming to dance and leap between them with flourish. I didn't even notice that he had somehow managed to get my panties off until his fingers began to play with my pussy. I let out a sharp gasp, realizing what was happening, what I desperately wanted to happen. I told him to take me, to take my virginity.

He didn't hesitate. Laying me out on the bed, he stretched himself on top and guided himself slowly into my hungry cunt. I couldn't believe it! What it felt like, the raw shock, and the sharp power. It flooded through me faster than I ever expected from years of touching myself. His touch, the touch of his dick was beyond anything I'd ever experienced. The look in his eyes was one of pleasure.

He knew, somehow, he knew what I was feeling. And that only shook me deeper. I shuddered and released, over and over, while he seemed to have an infinite source of energy that just kept him going. When he finally did erupt, I was shaking from head to toe. I felt safe and secure in his arms, in the way he held and looked at me. When he leaned in to give me a kiss, he quietly suggested we get cleaned up, and I happily followed him to the shower for another round.

ON THE BEACH

I have always had an affinity for the ocean and can't think of anything better in life than a day on the beach. The warm sand oozing between my toes, the water cascading over my ankles and legs, the sounds of splashing and gulls, all of these make me feel more at home than anywhere else. Maybe that was why I gave into him so easily.

On that particular day, the beach was quiet. It was chilly, with the last vestiges of winter still tugging for domination over the beautiful spring that was just around the corner. Yet, even then, I found myself laying on the soft sand and dreaming the day away under the brilliant sun. Sometime around midday, a shadow fell over my face, and I looked up to see a figure standing over me, completely hidden as it blocked out the sun.

I shielded and cleared my eyes, and saw a large, beefy man with a soft, playful smile. His arms and chest were bulging, thick, and heavy, and he wore low, wet shorts that outlined what I could already tell was an enormous package.

He had to ask me a few times if I was okay, only because I was so enthralled with this body that I seemed to have lost my voice for a few seconds. When I finally responded, he introduced himself as Michel, on vacation from France with a few friends. He nodded towards the group but kept by my side, which only drew my eyes (and ears) more to him. We sat and talked for a while, and even as taken in as I was, it became quickly clear that he was looking at me as much as I him.

His eyes were especially drawn to my large chest, my breasts barely contained in a bikini top that left little to the imagination. I found myself starting to trace outlines for him over my smooth,

tanned flesh and leaning back to thrust my boobs out and showing off my slender form. After he adjusted himself for the fifth time, he finally suggested that we go for a swim.

I readily agreed and we headed out into the water. It was almost shockingly cold, and yet we had the time of our lives. We swam around, guiding and touching each other without regard or hesitation. It was like we'd known one another all our lives. When we turned back, we discovered that the currents had drifted us to a different beach, secluded and surrounded by large rocks. One look shared between us was all we needed.

We ripped our wet clothes from our bodies almost as soon as we set foot on the sand, and he took me in his strong arms. The embrace was electrifying through our wetness. When our lips touched for the first time, it sent shock waves through me, causing my body to tremble in his grasp.

He simply smiled and me and guided us towards one of the large, smooth rocks. Pressing me against the hard surface, he started making out with my body like there was nothing else he'd rather enjoy. I threw my head back as his lips grazed over my skin, his tongue flicking at my pointed nipples.

He took his time. The sun beating on our naked flesh just intensified the lustful feelings. As his fingers found their way to my wet pussy. I moaned loudly, the sounds blending with the waves crashing around our feet. When his lips found mine once more, I knew what was coming; it was promised in the way our mouths met, in how our tongues connected. That's when I felt him slide into me, slowly, deliberately, sending waves of energy into my body.

It wasn't my first time by any stretch, but his was by far the largest I'd ever experienced. Thick, pulsing veins pressed against my pussy which was only too happy to squeeze back.

And no matter how deep he managed to go, each slow thrust seemed to go deeper and harder. I was certain he worked his dick out as much as the rest of him.

Michel let his hands move gently but firmly up my ass, and before I knew it, he was lifting me out off the rock to give himself a better angle. I quickly wrapped my legs around his firm ass and discovered that he knew of places that even I never imagined. Slowly he inserted himself into this foreigner's sex. I shuddered as he pushed in again, deeper with each thrust until he pushed himself into my depths and held it there amking mepull him in even deeper.

I felt wave after wave of pleasure rush through me, each one only amplifying the next. His thrusts grew quicker, harder, and my screams only grew louder. I saw the glint in his eyes, the fierceness, and could only try to match it. He knew how to make me feel, and I must have cum at least twice in his care.

With each wave of my pleasure, I could see his own. I let him have me, whatever he wanted, I was entirely his then. As he filled me, I felt myself release over him one last time. Pulse after pulse flooded me before he lowered me back down and slowly fell into my arms.

He stayed inside for several minutes, pulsing again before sliding his way out and suggested we get back. But, as he gave me one last kiss, he told me it wouldn't be the last time; he's here for the summer.

maddie

Maddie has treated herself to a spa day after quitting her first job. Although, she didn't know what kind of specialties this spa offered, she didn't leave disappointed. When the massage therapist put a vibrator against her pussy to help her loosen up, she knew that's exactly what she needed.

SPA MEANS SEXY PENETRATIVE ACTION

Maddie returned the favor after her sexy masseur went down on her, and let him bang her on the massage table! He put it deep inside her to really stretch out her pussy. Good thing she was already relaxed – she might not have been able to fit it all in. He finished inside her, giving her a hot cream pie and the most satisfying spa day.

amirah & kiara

Sexy Amirah's my new exchange roommate this semester, and she's got the most irresistible body. You really can't leave us alone – my hands are all over her perfect skin. She wanted to go down and finger me first this time, and I loved every pleasurable second of it. She said she was fine to just pleasure me, but I didn't let her get away with just that!

I JUST CAN'T GET ENOUGH OF HER

I sucked on her boobs and clit until she started biting her lips to keep her moans in. But when I put my fingers inside her and hit that spot she can't reach normally, I had her seeing stars. When she stopped cumming, she wanted to make me cum one more time though, and I just couldn't say no.
